

DD/a-237-43

27 February 1963

MEMORANDUM FOR: Deputy Director (Support)
SUBJECT: Procurement Handbook, Third Run
REFERENCE: DD/A Memorandum to DD/A, Same Subject,
Dated 18 February 1963

1. The referenced memorandum is a statement of the DD/A's objections to various provisions of the proposed Procurement Handbook.

2. Subsequent to the date of the memorandum additional conversations have been held with the Chief, Procurement Division, Office of Logistics, concerning technical proposals and procurement which have resulted in a statement of understanding (attached) on these matters. The terms of this agreement are quite acceptable to this office and provide in our opinion a good basis for the conduct of external research and development programs.
